MINOT-SLEEPER LIBRARY—REPORT OF TRUSTEES

To the Inhabitants of the Town of Bristol:

The past year with Minot-Sleeper library has been marked with changes unprecedented in its history. Hon. Ira A. Chase, for over forty years the chairman of the Board of Trustees, has been removed by death, a new librarian has been necessary by the resignation of Mrs. Mary A. Dodge, who has served in this capacity for twenty years, and a vacancy on the Board was created by the removal from town of Rev. John Cowan, who had given a number of years of devoted service as trustee.

Mr. Chase's death occurred Dec. 20 in San Antonio, Texas, while he and Mrs. Chase were spending the winter motoring West and South. In his death the library lost its most active official. From the organization of the institution in 1884, he had served as trustee, and was its second chairman, assuming this position in 1914, on the death of Capt. R. W. Musgrove, and continuing through life. In this office he gave personal oversight to every need of the library. To him belongs the credit of the unusual collection of books on nature, history, travel, reference, biography, old standard fiction which will always endure, and numerous other volumes of the best literature, giving a foundation such as few libraries can boast. The growth of the library has been largely due to his devotion and painstaking.

To Mr. Chase the public is also indebted for the bequest of his own valuable personal library and for the rare collection of minerals. These were accepted by the trustees at the annual meeting Feb. 2, when a note of

appreciation and sympathy was directed to Mrs. Chase.

A word of appreciation is also due Mrs. Mary A. Dodge as she concludes twenty years of faithful worthy service as librarian. The necessary acceptance of her resignation was with deep regret. Fortunate indeed are we in securing for this position Miss Mary A. Rogers, who is already somewhat familiar with such duties, having been librarian at Hebron for a number of years and having frequently acted as assistant in this library for Mrs. Dodge.

The selectmen appointed Miss Mary D. Musgrove as trustee for three years to fill the vacancy caused by the removal of Mr. Cowan, Frank N. Gilman and Karl G. Cavis were reappointed for three years, and since the annual meeting, John O. Lovejoy has been appointed in place of Mr. Chase.

At the annual meeting Fred H. Ackerman was made chairman, Karl G. Cavis secretary, Dr. G. H. Calley treasurer, Dr. Calley, Mr. Ackerman, and Miss Musgrove, executive committee; Mr. Cavis, Mr. Ackerman, Mrs. E. Maude Ferguson, Mrs. Bessie A. Heath, and Miss Musgrove, book committee; Mr. Cavis, auditor.

The annual report of the librarian showed 8,647 books loaned, and 125 new books added to the circulating department.

The benefits from the Day-Jackman fund continue and are much appreciated. The number of patrons of the reading room during the year was 1,025. Magazines to be found on the tables are of the best and include American, American Boy, American Forests and Forestry, Atlantic, Asia, Century, Christian Century, Current Opinion, Forum, Garden, Geographic, Woman's Home

Companion, Granite Monthly, Harper's, Ladies' Home Journal, Literary Digest, Moody Monthly, Nature Magazine, Our Dumb Animals, Our World, Outlook, Pictorial Review, Popular Mechanics, Travel, World's Work, Youth's Companion. These are largely contributed by the Day-Jackman Memorial fund, a few other periodicals being contributed at the pleasure of individuals.

The smaller expenditure last year than usual for books leaves more for this year, which will be used this time largely for fiction and juvenile, the greatest present need being in these two subjects. Careful consideration will be given all requests left with the librarian or any member of the book committee for special books desired for the library.

Future plans for the library include increased privileges to patrons in the number of books that may be taken on one card, and a trial of further opening hours, definite announcement to be made soon. The continuance of the increased opening hours will depend on the patronage.

It is also decided to start a collection of pictures, such as photographs of early buildings in the town and others of historic interest. Contributions of any such will be appreciated.

Nearly all patrons recognize the rules of the library as to matters of decorum. The few not willing to abide by them should not expect to share its privileges.

The greatly needed two-story annex is seen in vision only. The present demand is urgent. Moreover, to the trustees has been made known the fact that some valuable relics and other contributions are awaiting donation to the library as soon as proper room is afforded.

It is our desire and purpose to enlarge the efficiency and usefulness of the library as far as possible and to meet the wishes and convenience of the public.

Respectfully submitted,

FRED H. ACKERMAN, Chairman,
KARL G. CAVIS, Secretary,
GEORGE H. CALLEY, Treasurer,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Boards of Union School District and the Town School District:

I submit herein my third annual report as superintendent of schools.

UNION SCHOOL DISTRICT

Year ending June 30, 1925

Number of schools maintained	9
Total registration	268
Unrepeated registration	261

Enrollment by Grades

Grade I	19
II	18
III	29
IV	35
V	21
VI	28
VII	27
VIII	26
IX	25
X	16
XI	11
XII	6

	1923–24	1924–25
Half days schools were actually in session		
Average	339.5	350.8
Aggregate	3,061.0	3,158.0
Half days lost		
Average	19.25	9.1
Aggregate	169.0	82.0
Average attendance	216.83	227.36
Average absence	17.27	11.89
Per cent. of attendance	92.62	95.44
Teachers holding certificates	3.0	3.0
Teachers holding licenses	6.0	7.0
Teachers holding permits	2.0	1.0
Teaching for the first time	2.0	2.0
Visits by board members	41.0	41.0
Visits by superintendent	831.0	687.0
Visits by citizens	378.0	477.0
School board meetings	15.0	11.0
Pupils neither tardy nor absent	14.0	24.0
Number pupils tardy	456.0	438.0

The above table should be studied carefully. The year has been one of progress. The number of half days each school was in session has increased over the previous year. Less time, too, was lost. A glance at the number of half days lost shows that each school lost last year less than a week's time, while the previous year each school lost 19.25 sessions or nearly two weeks. I attribute this gain to the arrangement of the vacations whereby the holidays come during the period when the schools are closed.

The suggestion has been made that there ought to be more vacations from January to June. Such an arrangement might be made, although it would set the closing of school back one week in June.

The per cent of attendance has increased. The number of tardy marks has been lessened. There has been a noticeable increase in the number of pupils neither absent nor tardy. These steps forward are very gratifying. They show progress. It shows co-operation of the home. For the time that the child is of school age, being in school and being there on time should be the chief concern of the parent.

Too much cannot be said in behalf of the teachers who are no small factors in this progress.

High School

Fifty-eight pupils were registered in the high during its first year as a four year high school. The school was approved by the State Board of Education as a standard secondary school. Because of this fact its graduates may enter Dartmouth and the University of New Hampshire upon a certificate. The school has also been approved by the N. E. College Entrance Certificate Board.

The first class to graduate numbered six. All of these have entered post secondary schools. Five have entered college and one Normal school.

The per cent of attendance for the year was 95.36. This approaches very nearly the average for the state which was 95.5.

For two years Bristol High School has had the distinction of being in the list of secondary schools having an especially low tardy record, that of .9 or less per pupil.

We need the co-operation of pupils and parents to keep up this record.

Repairs

The toilet at the Lake school has been built over and has been made as sanitary as one of that kind can be made. It is a great improvement over the old one.

The school that demands immediate attention is the one at the Falls or Mountain Hill school. The building needs to be shingled, a new floor laid, walls and ceiling painted, and the outside of the building painted. The installation of a regular school stove in place of the box stove now in use would add greatly to the comfort of the pupils and teacher. I recommend that money be raised to make the necessary repairs and for the purchase of a school or jacketed stove.

Health

At the writing of this report both districts are in the midst of an epidemic of measles, real or otherwise. The preventing of such a siege of sickness so easily passed from one pupil to another ought to be worthy of consideration. The establishing of some method whereby children coming down with an infectious disease could be separated from other school children until all danger was passed should be brought about. Many school districts employ a full time or part time school nurse whose duty it is to keep a close watch over the health of the pupils.

I wish to express to the boards of both school districts my thanks for the ready way in which they have co-operated to make this a year of progress. To the teachers much praise is due for their untiring efforts with the boys and girls.

EARLE P. FREESE,
Superintendent of Schools.
